A luncheon preceding the cornerstone ceremony will be held at Mt. Miguel high school cafeteria and is open to Master Masons only. The group will convene at the lodge rooms at La Mesa where Grand Lodge will be opened. From there the fraternity will

go to the cornerstone laying, in Lemon Grove, scheduled at 2:30 p.m. In the photo above are former Judge Joseph L. Shell, Masonic Grand Master of the State of California, and John Gregory, Master of the Lemon Grove Lodge, who will officiate at the ceremony. The Temple is expected to be formally opened this fall. Merger Seen For Two Chains Of Markets

Plans were announced this week for combining the eleven-store Piggly Wiggly chain of food markets and the nine store Buy & Save Market organization, all of which are operated in San Diego city and county.

Piggly Wiggly markets under the guidance of the Williams family is the oldest grocery group in San Diego, having been in operation since 1922. The store on Broadway in Lemon Grove was established in 1948. D. D. Williams, present head of the Piggly Wiggly operation, is widely known for his civic government activities.

John Barrett, who has headed the Buy & Save markets since its founding in 1939, says the combining of the markets will mean better service, better variety and a more highly competitive position price-wise in the operation of the expanded firm.

The new organization now has 20 markets in operation, one under construction just south of La Jolla and several on the architects' drawing boards. Barrett said the new chain would occupy a most prominent spot in the growth of San Diego.

He said that plans had not been completed for the make-up or the naming of the Lemon Grove market. "We'll look at each of the 20 stores individually," he said. "Each market will be tailored to best serve the community in which it is located. Shoppers in Lemon Grove and Spring Valley may be assured of one thing; that they'll be dealing with the same courteous employees that have served them during the past years.

"We plan to make no personnel changes," Barrett said.

Stores to Remain Open Monday Night

Starting next Monday, most Lemon Grove stores will remain open until 9 p.m. on Mondays as well as on Fridays.

Most merchants had been keeping their stores open until 9 p.m. only on Fridays.

At a recent merchants' meeting, they voted to add the Monday night late hour.

Coroner's Jury Fails To Fix Crash Blame

A coroner's jury in Hemet Santa Fe railroad employees has failed to place any blame on the death of a young Spring Valley mother who was killed last week when her car crashed into the side of a train.

Mrs. Russell Kyle, 21, of 8114 Cameron, Spring Valley, died when her car hit a train on the Winchester siding near Hemet early Tuesday morning, July 12. She was the mother of three small children, Rose, age 6; Russell, 4, and Gene Allen, 3.

Testimony at the coroner's inquest was presented by two

They testified that crew members were adding 15 cars to the train, which was on a siding. The electric signal guarding the crossing was not operating, they said, because it is actuated by movement of a train on the main track and is not affected by trains on the siding.

The accident occurred shortly after midnight.

Business Houses, Organizations Asked to Help

Big Celebration To Fete Anniversary Of Valley Chamber

All business houses and organizations in the Spring Valley area are requested to send a representative to the planning meeting of the "Spring Valley Days" celebration. Mrs. Rosalie Graham, general chairman, says the meeting is set for Monday at 7:30 p.m., in the Chamber of Commerce hall, 9050 Memory Lane.

The parade awards and other trophies as well as booth prizes, will be on display at the meeting. Also the fast-draw contest, which will be one of the highlights of the fiesta, will be demonstrated.

Merchants, organizations or individuals may (and are asked to) sponsor or participate in the parade, which is being planned. Only organizations may sponsor one of the booths, says Mrs. Graham.

The Spring Valley Chamber of Commerce will sponsor the fast-draw contest, the talent show (to be held in the Spring Valley Elementary School) and the food booth. The food booth will be under the direction of Mrs. Ted Phillips; the fast-draw contest under the chairmanship of Bob Ruether; and the talent show, under the direction of Mrs. John Eskridge.

Those planning to put up (and take down) a booth, may rest assured the Chamber of Commerce does not plan to receive a "cut" from any booth, chairman Rosalie Graham points out. Auditions for the talent show will be held (tentatively) Aug. 29, in the S.V. Chamber of Commerce hall.

The "Silver Anniversary" theme, representing the 25th anniversary of the S.V. Chamber of Commerce, will be carried throughout the fiesta, with trophies to be awarded.

Lincoln Finance Company Moves To New Office

The Lincoln Finance Co. has moved to a new home. It is in the same building but has a downstairs location.

The new address is 7854 Golden ave. near the U.S. National bank. Formerly, it was at 7850 Golden ave. on the second floor.

The manager is Henry E. (Hank) Templeton who has been with the firm for a year and a half and in the finance business for ten years.

Lincoln is a locally owned and operated firm and was first started here in 1952. Officers are Meyer Zung, Edmund Dunn and Thomas Clayton. Zung is a local insurance man; Dunn is a general contractor and Clayton heads an investment firm bearing his name.

Templeton said the firm had grown to more than a half-million dollars in outstanding loans in less than eight years of the firm's existence.

In 1956, Lincoln grew to the point that Mt. Helix Associates and Roy Davis' Lemon Grove Escrow Co., which also occupied the second floor location, were forced to move by the burgeoning firm. Both Mt. Helix and the escrow firm are now in the building's street level location.

The new office will give Lincoln more than twice the floor space.

"San Diego has the School"

Mother of Handicapped Girl Starts Drive for Annexation

A Monterey Heights woman this week launched a personal drive to have Lemon Grove annexed to San Diego.

She frankly admitted that she had no civic betterment in mind, no ambition to change the community's social future, and no philanthropic plan to solve any tax problems.

"It's purely personal," she said. "We have a daughter who has cerebral palsy and there are no facilities in Lemon Grove to give her an education."

"She has been going to school in Chula Vista, but she is 15 years old now and that's beyond the limits for them. She can't go to school in El Cajon for the same reason."

"There are facilities in the San Diego school system that could give her an education. And we desperately want her to have training. She is unable to walk at all. Her only method of communicating is through speech—she is just beginning to speak, and she needs a lot more training."

"Her speech teacher, Mrs. Wainwright, told me today that she is showing real promise and that she can

learn. We don't want to give up now that she is beginning to show progress."

The mother, Mrs. Rudolph A. Chesnik of 1679 Larwood rd., said that San Diego officials told her that the only way she can get her daughter into the special school there is to move to San Diego. "We don't want to move," she said. "We like to live in Lemon Grove."

"So I thought that if we could get Lemon Grove annexed to San Diego we could live here and still get the education for our daughter that she needs."

Mrs. Chesnik said that she would start her campaign by obtaining a copy of a report made last year by the San Diego planning department after a survey of Lemon Grove. The report was made at the request of some local residents who wanted to find out what would be done here by the city if the community were to annex to San Diego.

"After I get the report," she said, "maybe I'll know how to get something done."

She said that she would get as many people together as possible and start circulating petitions for annexation.

Urge County To Go Ahead With 'Green Spot'

Recreation Group Files Report With Organizations

Citizens of Lemon Grove voted this week to urge the County to proceed with the development of a "green spot" park at the corner of Washington and Alton.

The action came Monday night at a joint meeting of the Coordinating Council, the Taxpayers Assn., the Swimming Pool Assn. and representatives of youth baseball in the community.

The group heard, and accepted, a report by a special recreation committee—and voted to proceed with the last of four committee recommendations. The report included these proposals:

1) That the community retain all sites and facilities now designated for recreational use. (These include four acres of county-owned property at Washington and Alton; about three acres adjoining it, owned by the swimming pool association; the county-owned youth center on School lane; a small park used by the Little League in the Vista La Mesa area; and a large canyon area adjacent to the Monterey Heights school, owned in various parts by the county, the school district and private owners, whose few lots are under lease to the county.)

2) That the deed to the county site at Washington and Alton be amended to read "as originally intended" that the property can be used only for park and recreational purposes.

3) That the Washington and Alton site be developed into a "green spot" community park, to coordinate with future development of the adjacent swimming pool assn. property.

The group Monday night voted to send its special committee to confer with county officials and urge that this park development continue. County supervisors in mid-April ordered the public works department to "negotiate" for the removal of lemon trees on the site and to level the land.

Such work actually began, but stopped when nearby residents protested to the county. No further action has taken place.

The committee also asked Mrs. Dorothy Nottingham, its chairman, to discuss with Cletus (Biff) Gardner, county parks director, the drafting of a plan for the park. The plan, the committee suggested, should include a landscaped picnic area, a playground for small children, shuffleboard courts, horseshoe area, restrooms, locations for fireplaces, an access road, and parking facilities.

4) That an investigation be made into the advisability of future development at the Monterey Heights park site for more youth baseball (and football) facilities.

NO PIPELINE

SAN DIEGO (CNS)—A request for a permit for laying of a pipe line in Crane street, Lemon Grove, has been denied by the County Board of Supervisors. The applicant was C. W. Willis, who asked to be allowed to install a private line. The Board recommended that he negotiate with Helix Irrigation District for a line to serve the area.

Branch YMCA Installs 3

Three Lemon Grove men were installed in the Heartland Branch of the YMCA board of management this week by John A. Davis, vice president of the general board.

The men are: A. E. (Bob) Howell, a tax consultant; Byron Netzel, superintendent of Lemon Grove schools, and Robert Sutton, principal of the Lemon Grove junior high school.

The Heartland branch of the Y is autonomous in that it has its own board of management and its own budget.

Also on the board from the Lemon Grove area are V. J. Dorman, Wallace Dorman, Max Goodwin, Palmer Svalstad and Earl Smart.

Smart is the chairman of the Lemon Grove-Spring Valley committee.

BROADWAY CAFE

Broadway Cafe, at 7874 Broadway, has re-opened under the ownership of Vernon and Nell Stinson. The cafe will begin serving breakfast at 5:30 a.m. and will remain open daily until 7:30 p.m., featuring home-style cooking.

College Grove Center To Open Next Week

College Grove Shopping Center, on the western edge of Lemon Grove at Freeway 94, will open next Thursday.

Twenty of the 60 stores in the center will open in a preview of the grand opening, set for August 25.

Built at a cost of \$12-million and representing an investment of \$28-million, the College Grove Center contains 650,000 square feet of floor space on a 70-acre tract. In its complete form, it will be a "small city of shops."

The initial building permit of \$6,298,000 was one of the largest in San Diego's history.

Walker Scott department store, covering 160,000 square feet, is the largest single store in the center.

Mervin Blum, manager of the center, said that special ceremonies will mark the preview opening next week.

The other 19 stores joining Walker Scott in the July 28 opening include: J. J. New-

berry, Safeway, C. H. Baker Shoes, Bishop's Sports wear, Gallen Kamp's, Guthrie Children's Shop, Himmel's Camera Shop, Innes Shoe Co., Lawson-Schiller Jewelers, Mode O'Day, Security First National Bank, Texas Liquor Stores, Inc., Universal Boot Shop, Normandie Hats, Charles Hair Stylists, Union Oil Co., Morgan Appliance Service and Hobbycraft, F. W. Woolworth, and College Grove Gourmet.

The men are: A. E. (Bob) Howell, a tax consultant; Byron Netzel, superintendent of Lemon Grove schools, and Robert Sutton, principal of the Lemon Grove junior high school.

The Heartland branch of the Y is autonomous in that it has its own board of management and its own budget.

LEMON GROVE STORES OPEN 'TIL 9 MON., FRI.

EAGER APPLICANTS — Nearly 200 job applicants were on hand at the west entrance of the Walker Scott store at College Grove Center in answer to an appeal for personnel to staff the center's new department store. Selection of the personnel for the new store is now being completed in preparation of the grand opening on July 28. By opening day,

400 people will be employed at Walker Scott College Grove, according to Marie L. Muzzy, director of personnel for Walker Scott Co. Walker Scott's is the largest of 65 stores at College Grove, San Diego's first regional shopping center, and will be the first to open for business.

Once Over Lightly

by Don Wilson

A man asked me today how I go about deciding what I shall write about in each week's column.

And I had to admit that most of the time I don't have any idea what I'm going to write about.

When I got back to the office, a man drove up in my car and said:

"Your brakes are fixed."

"I hope so," I said.

I dropped him off at his shop and I reflected on the recent events involving the brakes on my car. I had bought the car three years ago and had never had any trouble with the brakes.

But one day I got to thinking that no car is likely to run for more than three years without having new linings on the brakes, and maybe I'd better check into it.

So I went to a brake shop. "Stick around a few minutes," the man said, "and we'll pull off the wheels and take a look."

I waited, they pulled off the wheels, we looked.

"Wow," the man said; "you got here just in time. The linings are worn down to where the rivets are just beginning to scrape on the brake drums."

"If you had gone much longer, you would have ruined the drums."

I felt relieved.

Until I discovered that new

linings would cost more than 40 bucks.

But we agreed that they were necessary so the brake company re-lined the brakes and I paid.

Then I drove the car about a thousand miles and all of a sudden my foot almost went down to the floor when I pushed on the brake pedal.

I went back to the brake shop.

"Hey," I said, "all of a sudden I don't have any brakes."

The man looked.

"Your master cylinder is leaking," he said. "We'll have to put in a new one."

I looked pained.

"You can't drive around like this," he said.

"Okay," I said.

A day or two after the new cylinder was put in, all of a sudden I not only had brakes when I pushed on the pedal, but I also had brakes when I didn't push on the pedal. The car would hardly move.

I limped back to the brake company.

"The plunger in the master cylinder must be sticking," the man said.

"Okay," I said.

And later he brought my car back and informed me that it was fixed.

"Thanks," I said.

Editor:

Three years ago we bought a new home here in Lemon Grove and I wish we'd come here sooner.

Our town is growing rapidly with fine stores and excellent schools; however, why hasn't someone done something about recreational facilities? With our children growing up here, it's rather strange that for most things they have to go to a neighborhood town.

It's embarrassing to think that the residents of such an otherwise wonderful community are too apathetic to do something about it.

True, a handful of civic minded citizens have been attending the Coordinating Council meetings, Swimming Pool Assn. meetings, etc.—but we need more interested citizens to attend these meetings in order to get results. These groups have joined forces and are agreed in trying to obtain something for our youth and older citizens as well.

First a beginning is needed, and a small park would be within our reach and add at long last a civic "green spot."

We of Lemon Grove have the property and the County will aid us in beautifying it if enough citizens show interest.

All that is needed now is attendance at the Coordinating Council meetings.

Dear Editor:

Interest in the recently defeated tax increases proposed by the La Mesa-Spring Valley School District Trustees remains high. The policy of the five Trustees who have consistently advocated higher school taxes year by year, until we are now one of the most highly taxed residential areas in the United States, was given County-wide publicity in the San Diego Union, July 1st, Page 21, when Merrill D. McLaughlin, a former Teachers' Association President, contrasted the low school tax rate in San Diego with our own, and drew applause by inferring that San Diego taxpayers are lucky not to be living in the La Mesa-Spring Valley School District.

I understand that three of the five trustees are responsible for the regular annual increases in school taxation and for our load of debt, because they have invariably approved the recommendations of their highly paid, non-teaching advisors.

It is also understood that the two other trustees, Doctors Padfield and Smith have tried in vain to inject some realistic thinking into the Board's deliberations. It would seem that many parents with children at school could learn something useful from these two conscientious trustees, instead of regarding the sky itself as the proper limit for school taxation. Although support of the three "tax and spend and increase the debt" trustees is withdrawn by most of the parents when their children leave school, the great financial damage done to all homeowners cannot be repaired without stern action.

In this regard the present public opinion in the School District seems to favor the immediate retirement of all those employees and trustees whose recommendations and decisions, respectively, have landed us in our present unenviable plight. Perhaps their transfer to other wealthier school districts would be beneficial for all concerned.

Yours faithfully,

Dear Editor:

We have a very unhappy neighbor who has lost his dog. The dog is Squeaky, a chihuahua who lived with Ralph Hernandez at 2069 El Prado St., in Lemon Grove. Ralph is nine years old. Squeaky is five years old, is brown and black with a white spot on his chest.

About once a year Squeaky goes away for a couple of days but always returns. This time he didn't come back after an absence of more than three weeks.

He is such a friendly little dog that we suspect some kindly family has taken him in to care for him, not knowing who the dog's master is. Ralph ranges far and wide, as far and wide as he can on his bike, to search for Squeaky but every day the search looks more hopeless.

I hope that the person who has been kind enough to supply Squeaky with a home and food reads this. It will be the means of getting the little dog and his broken-hearted owner back together.

News of Spring Valley Estates, Mr. Miguel Terrace and La Presa

By Elaine Horowitz

The San Diego Gas and Electric Co. has filed an application with the Public Utilities Commission which could bring a lower gas and electric bill to residents of the Spring Valley Estates area.

Lewis R. Knerr, manager of the rates division of the utility company, said that the new rates—if approved—would lower the monthly bills about 75 cents per home. He said that the average electric bill would drop about \$6 a year, and the average gas bill would be about \$3 a year lower.

He said that the new rates, if accepted by the Public Utilities Commission, would be effective about August 15.

Scout Troop 357

Members of Boy Scout Troop 357, sponsored by Avondale PTA, began their week of fun last Sunday by hiking the half mile from the highway to Camp Hual-Cu-Cuish near Julian, where they were to camp. In the group were Scoutmaster C. G. Calkins and Scouts Douglas Miller, Andrew Miller, Bob Wiegans, Bob Peverly, Bobby Calkins, Rustie Harlan, Gary McKinstry, Billy Walton, Wayne Walker, Jim Rose, Roy Freeman, Ronny Romero and Mike Nation.

Explorer Gary Jennings of Lakeside assisted with leadership activities, including swimming, archery, nature study, hikes, crafts and signaling, all prerequisites for First Class rank.

The boys returned home July 16.

Meet Your Neighbor

Meet Dolores and John Scott, residents of Spring Valley Estates for the past year, of San Diego for three years. They have two children, Barbara Ann, 9, who is a Brownie, and John Jr., who is 6.

John was born in Wiggins, Miss.; works at Rohr Aircraft. He is the institutional representative for Boy Scout Troop 357, and Ass't. district commissioner for Spring Valley Boy Scouts.

The Scotts believe in the future and make their plans accordingly; witness the fact that they've just returned from a

visit to John's home in Mississippi and are planning next year's trip to New York; and John's work with the Boy Scouts, helping to create a strong organization against the time when John Jr. is old enough to join.

Scout Mothers

Mothers of boys in Scout Troop 357 met at the home of Mrs. Vern Miller, 1903 Darby, Spring Valley Estates, recently and voted to organize a Scout Mothers Auxiliary. They decided to meet on the third Wednesday of each month, with meetings held alternately at various members' homes.

Officers will be elected at the next meeting, scheduled for the home of Mrs. Roy Ferguson, 239 Lakeview.

Mothers present at the first meeting included the mesdames Roy Ferguson, Elbert Freeman, Joe Romero, C. G. Calkins, Howard Carlson, O. G. Nation, Harry Harlan and John E. Peverly. Refreshments were served by the hostess.

Bus Trip Deadline

Last call for reservations for the Avondale PTA's Hollywood bus trip. All arrangements must be made by July 25 for the August 17 trip through Hollywood and to the TV show "It Could Be You." DOROTHY DIGS in the garden

Roses seem to take first place in every gardener's thinking these days. Indeed, it has been a hard season for them. For general spraying I recommend a regular rose spray—preferably a combination spray containing copper.

The greatest enemy to roses this year, and to many other plants, is thrip. An infestation of thrips can prevent you from having fine roses all summer. Thrip attack the buds so that they cannot open.

To spray effectively for thrips, use a product containing both malathion and dieldrin. Whereas malathion sprays are effective, the combination of dieldrin and malathion seems to give better penetration of the material and a longer residual control.

Spray the bushes very thoroughly during the afternoon hours, early enough so that the roses have time to dry off before sundown and late enough so that the thrips have had time to move out from the heart of the buds so as to be exposed to the spray.

Until now there has been nothing personal connected with setting down to a heaping platterful of chops, except the personal pleasure eating them gives.

Now the joy is waning and we blame it on the California Department of Finance, with the quick assurance that finances have little to do with pork chop-eating pleasure.

Joy is replaced with concern, the kind that you might experience if you suddenly discovered you had just eaten the pet hen which had been caught and killed by mistake.

The state finance department is charged with enforcing a new federal law concerning slaughtering of hogs. The department, in turn, passes the rules on to us, spelling out the steps to be taken by slaughter houses as these animals are forever laid to rest, parts of which are destined to stop at the dinner table to give joy and comfort. If you can be joyous and comfortable now that the new rules practically humanize California hogs.

It isn't that we object to humane treatment to animals, it's just that we never thought of a pork chop actually being a part of an almost-human pig until we read about the new law. We looked at pork chops exactly as you look at a drumstick at picnic time. They are supposed to be eaten and enjoyed without commiseration intended or required.

The new slaughter law, says the Finance Department, requires all packers to slaughter all animals by an approved method.

"Approved methods of stunning range from an electric shock and mechanical concussion instruments to a type of anesthesia similar to that used with humans undergoing surgery. The latter method, carbon dioxide immobilization, is so gentle that in one test a hog had passed through the system but purposely had not been killed, did not resist repeating the trip soon after regaining consciousness.

"Carbon dioxide keeps hogs unconscious for about four minutes, twice the time needed for slaughtering. The heavier-than-air gas gathers at the bottom of a tunnel which is depressed in the center. Animals walk into the tunnel and emerge, unconscious, on a conveyor belt."

That, gentle readers, is the new modus operandi in the pork chop industry.

Now see if you can again eat a chop without mentally taking the conveyor ride.

I'm for them making no new laws so we won't have to report on it. Then pork chops, et al, will stay what they are intended to be... just darn good eating.

Fly Control Ordinance Clamped on by County

SAN DIEGO (CNS)—An ordinance to control flies has been clamped down on the county by the County Board of Supervisors.

The ordinance follows proposals submitted recently at a public hearing, where both representatives of the health department and the County Farm Bureau declared their opposition.

Dr. J. B. Askew, county health officer, said he did not think the ordinance went far enough, while Warren K. Hooper, farm bureau official, said he thought it went too far.

The ordinance was changed from the proposals only in one important section, to provide for a mandatory hearing for any violator who does not comply after a first warning.

Bertram McLees Jr., assistant county counsel, told Supervisors that legal action in connection with enforcement is likely and that the mandatory hearing was put in to give the county the best possible case to present in court.

Previously, a person accused of violating the ordinance, after being notified to comply, would be given instructions on the actions to take to bring himself into compliance. If he wished, he could ask for a hearing before the health department on the regulations he had to follow.

McLees said the voluntary

Red Cross Needs Volunteer Drivers

Volunteer drivers for the local chapter of the American Red Cross are urgently needed. Mrs. Dennis McLaughlin, vice chairman for the chapter, said this week.

She said that drivers are needed in the Lemon Grove, Spring Valley and La Mesa areas.

Most drivers serve a minimum of one day a week, she said, "but the services of half-day drivers would be appreciated too."

A car is supplied by the county chapter of the Red Cross. Volunteers must be good drivers and must hold a valid California operator's license.

Mrs. McLaughlin can be contacted at HO 3-1263.

space it formerly had. Electronics bookkeeping machines, air conditioning, sitdown counters, fluorescent lighting and a pastel decorative motif give a modern character to the new offices.

Templeton, the manager, is active in civic affairs. He is president of the American Field Service for Grossmont High School district; a director of the Lemon Grove chamber of commerce, and organizer of the Grossmont junior basketball league.

A professional race car driver of 13 years experience, Templeton gave up the sport in 1958. He won his first major event in 1946 at Sportsman's Park in Cleveland driving an Offenhauser Special in a midget event.

He won the national midget car championship in 1952 when he amassed 6,700 points. His nearest competitor had less than 5,500.

He started competing in "big" cars in 1949 and entered the Indianapolis Races in 1952 but he failed to qualify.

When he moved to California in 1954 he raced big and midget cars at tracks up and down the coast and in Arizona until 1958 when his interest in racing suddenly deserted him. The fact that he now has a family may have contributed to his decision. He is married and has a 3½ year old daughter.

He says he had no desire to return to racing. "I get calls from the 'modified' boys asking me to take part but I'm through with racing," he avers.

During opening celebration July 28, Lincoln will give souvenirs to all who attend during the regular 9 to 5 office hours.

Plant Trees

The first things that should be planted around the average new home, before or after the lawn is in, are the trees. These are permanent landscape features and will contribute to the landscaping around a house, the gardener should choose preferred kinds from both the large, shade-tree class and the smaller-statured ornamental flowering kinds.

"It will be better in court," McLees said, "if we can show that a full and fair hearing was held." He admitted that "a tough fight" could be expected on any court case.

Sanitation District Ordered to Pay For Unwanted Item

SAN DIEGO (CNS) — The Spring Valley Sanitation District has paid \$3,000 for an incinerator which it will never use because it does not have the incinerator.

The Board of Supervisors authorized the payment last week to D. H. Henderson because they had no choice; Henderson won the \$3,000 as settlement of a suit in Superior Court.

About two years ago, the county made a verbal deal with Henderson, of Phoenix, Ariz., for a \$3,000 incinerator. It was to be used to burn sludge at the Spring Valley plant.

Supervisors refused to accept the burning device when it was learned that the price had become about \$5,000 before delivery. Henderson then sued the county and the board, and won.

Board Gives Up Merritt Park In Spring Valley

SAN DIEGO (CNS)—Merritt Park, a small plot of ground near Eucalyptus Park on Bancroft dr. in northwest Spring Valley, has been given up as a park by the Board of Supervisors.

The Supervisors decided the land was much too small for park development but might make suitable residential lots. The recommendation for this came from the Department of Public Works.

Supervisors will seek informal bids on the property before putting it up for auction with a minimum asking price. It must first be removed from the park designation by resolution.

Beaches Lure Hitch-Hikers, Lead To Danger, Juvenile Officer Warns

The end of the school year has brought an increase in the number of young hitch-hikers on their way to the beaches, according to Bernard S. Schwartz, referee of the county juvenile traffic court.

Schwartz indicated that many young people seem to be unfamiliar with the law regarding hitch-hiking. He said that although it is not against the law to hitch-hike, it is against the law to do so while standing in the roadway.

"We are told by some young people that they heard it was all right to hitch-hike if you had one foot on the curb," said Schwartz, "but it is not reasonable that the law would allow the individual to be only half a hazard to himself and traffic."

He added that safety authorities generally do not recommend hitch-hiking but that if it is necessary to do so, the hitch-hiker must stand with both feet on the curb or on the far edge of the shoulder of the road if there is no curb.

One further caution he said, is that pedestrians and hitch-hikers are never permitted on any freeway at any time. This latter rule also applies to bicycles and scooters which are specifically excluded from travel on the freeways and parents were asked by Schwartz to caution their youngsters against these "extremely hazardous" practices.

"This is by no means to indicate that hitch-hiking is recommended," Schwartz said. "To the contrary, as the practice has many dangers. The ability of the driver, and his physical and mental condition are all unknowns to the person seeking a ride. It is not infrequent that hitch-hikers are injured by a drunk driver or robbed for the few cents they may have in their pocket. Further, enforcement authorities know that the young hitch-hiker is a favorite subject for the sex deviate."

"Parents are strongly urged

to be sure that their children have suitable transportation arrangements instead of turning them loose to get around as best they can."

'Deacon' Jones Calls Spring Valley Kids

"Calling all Kids" is the cry being sounded by "Deacon" Jones, hard-hitting first baseman for the San Diego Padres baseball team.

Jones is calling all kids in the Spring Valley area to be his guests for a "double-header" party Saturday and Sunday.

Of course Jones will talk sports in general and baseball in particular, with his young guests.

Jones, himself, while an amateur, started in football, basketball and baseball at Ithaca University, New York. His professional baseball career started in 1955.

"Come one—Come all," says the "Deacon." "I'm looking forward to a big time with Spring Valley youngsters and I'm sure there will be a big turnout in the Spring Valley headquarters of the American Cleaners."

Twenty-five Boy Scouts and leaders of Troop 325, sponsored by the First Baptist Church of Spring Valley, spent a recent weekend at Vulcan Mt.

Then last weekend, 15 of the boys along with Scoutmaster Roy Cones and assistant SM Brink Sellers, camped out at King Creek Ranch. Family-style cooking was the order of the day, with each patrol cooking for the troop.

Plans are under way by the troop to attend the Grossmont District camporee, July 22-23, somewhere in the area. A new committee is being formed with Owen Phelps as committee chairman. The names of the committee will be announced later. Boys of Scout age are asked to consider joining up. The summer meetings are being held at the Mt. Vernon Elementary School baseball field in Lemon Grove. There is usually a short game of ball, followed by the Troop meeting and discussions, etc.

GOD'S MINUTE

REV. H. C. BAKKEN

"GOD'S LOVE"

God's love is pure. When we stand over against the love of God, we become conscious of our own uncleanness. We are made conscious of the fact that we are sinners.

Lemon Grove
Lutheran Church Message

LET US ALL PRAY TOGETHER AS A FAMILY

"The preaching of the cross is to them that perish foolishness; but unto us which are saved it is the power of God." I Cor. 1:18. It is not our community standing or self estimate that determines whether or not we are a child of God; it is our attitude toward the cross of Christ. What is your attitude?

Writers Club

Instead of the regular monthly meeting, the La Mesa Writers Club will have its annual picnic Monday, in the patio of Mrs. Lester (Gladys) Orr, 4685 Troy Lane, La Mesa. It will be potluck. The club plans to journey to Mt. Palomar in August, to the cabin of Mrs. Arthur Thompson, past president. The first regular meeting of the coming club year will be held in September.

NUTTY IDEA — Builders of National Awards homes in National City have found another use for nuts—walnut blasting. Here a workman applies ground walnut shells under air pressure to remove plaster from exterior wood sidings before painting begins. Wal-

nuts are used instead of sand to prevent pitting of the wood. The subdivision consists of 355 units, being constructed by the National City Development Company. Model homes may be viewed daily at 2113 East Fourth in National City.

LM United Presbyterian

Regular services will be held Sunday at the La Mesa United Presbyterian Church, 4426 Harbison, at 9:30 and 11 a.m., with the Rev. Eugene Elsdon in the pulpit.

In cooperation with the San Diego Council of Churches we plan to participate in the pre-opening tour of the new Walker Scott Store. The date is Monday, July 25. All members and friends are asked to meet at the church at 6:30 and go in a group. Tickets may be secured from Mrs. William Olmstead, HO 3-4864, at a cost of 50 cents. All money from the sale of tickets up-July 28, at 6:30 p.m. when the Women's Association and their guests meet at the home of Mr. and Mrs. Frank

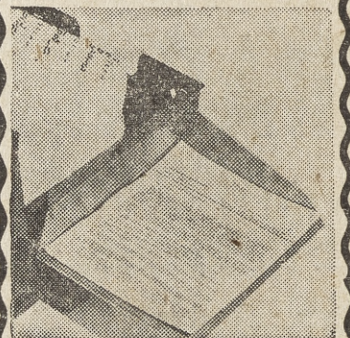

Bancroft Baptist

A visitation program by several members of the Bancroft Baptist Church is planned for Thursday, with Bill Perkins as chairman. The group will meet at the church for prayer before going into the field.

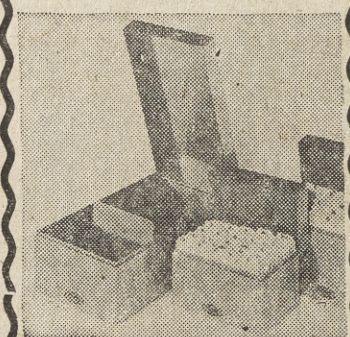

Verse-by-verse Bible study is still being held each Wednesday evening at the praise and prayer services, with Rev. Lewis Ginn, pastor, teaching. "Letters of Paul" are now being studied. Rev. Ginn says the congregation is realizing the power of prayer as well as enlightenment from the Word. The attendance is encouraging, he says.

The junior boys baseball team (ages 9-12) is now playing other churches in the area. But more are needed to play. For full information call coach Clarence Parker, HO 3-5390.

Christian Science

How scientific prayer leads to a clearer understanding of truth will be brought out at all Christian Science services Sunday.

The lesson-sermon on "Truth" will include these words of Jesus as recorded in the Bible in Luke's Gospel (11:11,13), "If a son ask bread of any of you that is a father, will he give him a stone? or if he ask a fish, will he for a fish give him a serpent? . . . If ye then, being evil, know how to give good gifts unto your children: how much more shall your heavenly Father give the Holy Spirit to them that ask him?"

The importance of prayer is also emphasized in selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, including the following, "Prayer cannot change the unalterable Truth, nor can prayer alone give us an understanding of Truth; but prayer, coupled with a fervent habitual desire to know and do the will of God, will bring us into all Truth" (p. 11).

The Golden Text from Psalms (100:5) declares, "The Lord is good; his mercy is everlasting; and his truth endureth to all generations."

beach party at La Jolla on July 16, including a picnic supper and devotions. The entire group will have their July 29 meeting at the bay.

The Wednesday prayer meetings continue each week with the men meeting at 5:30 a.m., the women at 10 a.m. and the mid-week "Hour of Power" for everyone, at 7 p.m.

The first quarterly business meeting of the church was held Wednesday of last week, with encouraging reports given by all officers. The attendance for Sunday School during the first quarter was the highest on record, reports Rev. Anderson. This was also true of the Vacation Bible School, which closed June 24. "For this we thank God," said Rev. Anderson.

VITAMIN A

Unique Symphony Concert To Preview Store Opening

will be played by the San Diego Symphony on the evening of July 27, when it gives a special performance on the grounds of College Grove Center adjacent to the new Walker Scott store.

The unique concert was announced by Fielder Lutes, acting president of the Symphony Assn. and George A. Scott, president of the Walker Scott Co.

The Promenade Concert is one of the series of unusual events leading up to the grand opening of the Walker Scott store on July 28. Earlier in the week there is to be an All Faiths Benefit Preview of the store; for the Churches and Synagogues of San Diego.

It will be the first time either kind of event has been held in connection with a department store opening.

Symphony Conductor Earl Bernard Murray and Mrs. Fred W. Beyer, chairman of the Women's Committee, met Thursday with Scott to coordinate final plans for the program.

The San Diego Symphony will benefit by more than \$17,000 from the Promenade Concert. Expenses of the special performance will be met by Walker Scott Co. Proceeds of the ticket sales at \$1 each will go to the Symphony Association. Mr. and Mrs. George A. Scott and the Scott Foundation will give contributions totaling \$7,000 to the Symphony.

"The promenade concert represents an opportunity for the San Diego Symphony to benefit substantially," said Lutes. "At the same time, San Diego area residents will enjoy an outstanding program and preview one of America's finest new stores."

The Symphony program, beginning at 7:30 p.m., will be played in three sections with 15 minute intermissions. Before the concert and during the intermissions, the new Walker Scott store will be open for previewing by the audience.

As a special feature of the Promenade Concert, Mary MacKenzie, mezzo soprano, will appear as soloist. Miss MacKenzie, who lives in Del Mar, recently won a contract with the Metropolitan Opera through the annual Metropolitan audition.

Earl Bernard Murray, conductor of the San Diego Symphony, will lead the 80 piece orchestra in a three part program, titled "The Wonderful World of Music," featuring selections representative of the world's great classical and musical comedy works.

Included in the program will
